Title: A Container with Triangular Corner Posts

**REQUEST FOR CORRECTED FILING RECEIPT**

September 27, 2005

**TO THE COMMISSIONER FOR PATENTS:**

In reviewing the Official Filing Receipt (copy enclosed) for the above-identified patent application, applicant's attorney noted a number of errors:

1. The Attorney Docket Number is incorrect. The Attorney Docket Number should read:  
**23544B**
2. The inventors' name is incorrect in that there is a typographical error. The inventor's name should read:  
**David J. McKenna, Sr.**
3. The "Domestic Priority Data as claimed by application" is incorrect. This patent application is a continuation of a patent application (now abandoned) which is in turn a re-issue of an earlier, granted patent. The Domestic Priority Data as claimed by application should read:  
**This application is a CON of 10/155,468 05/23/2002 ABN  
which is a re-issue of 09/636,396 08/09/2000 PAT 6,296,178**

Applicant's attorney, therefore, respectfully requests that the Filing Receipt be revised to reflect the above-noted corrections.

Attached is the marked up copy of the Filing Receipt that was mailed by the USPTO on May 27, 2004. Also enclosed is a copy of the first page of the patent application, showing the paragraph which sets forth the priority information.

We request that a corrected Filing Receipt, showing this information, be mailed to us.

Respectfully submitted,

**LICENSE FOR FOREIGN FILING UNDER  
Title 35, United States Code, Section 184  
Title 37, Code of Federal Regulations, 5.11 & 5.15**

**GRANTED**

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

**NOT GRANTED**

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).
